EWG Private Investment Club Membership Operating Statement

CLARIFYING HOW WE OPERATE AND WHAT MEMBERSHIP MEANS.

EffortlessWealthGroup Limited (EWG) operates strictly as a Private Investment Club. All content contained in this brochure is intended solely for existing or prospective members who have been directly invited to participate in the club. EWG does not publicly market or promote any investment products.

No financial advice is provided by EWG. Members are responsible for making their own informed decisions regarding any opportunities discussed within the club. EWG does not manage or control member funds. All capital allocations are voluntary and self-directed.

Access to opportunities, or related services is made available exclusively within the closed membership network and may be subject to approval. EWG and its team operate solely as facilitators of private member information and do not act in a regulated capacity.

Membership in EWG does not constitute investment advice, legal advice or financial planning. By participating in the club, all members acknowledge that they are acting on their own behalf and take full responsibility for their own decisions.

END OF STATEMENT

Hi, I'm Pierre. There are a few things you should know about me before joining the EWG family.

I have no background in finance and only started investing in 2024. Most would see that as a downside.

For me, it's been my greatest advantage in building EffortlessWealthGroup, soon to be the UK's leading Private Investment Club.

Without being bound by outdated industry norms, I built EWG from a fresh perspective, one that challenges the traditional system and redefines how investing should work.

For almost a decade, my passion has been designing platforms and simplifying complex systems to make them more accessible, scalable and effective.

When I stepped into investing, I was met by a world buried in jargon, complexity and

exclusivity; where transparency was rare and opportunities were reserved for insiders.

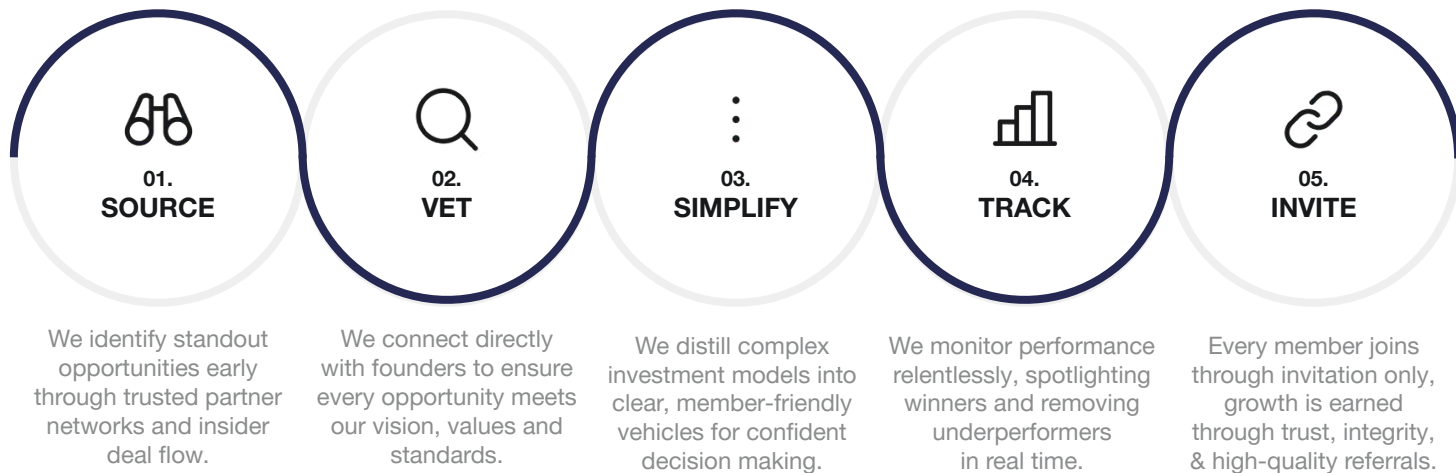

I saw a gap in the market. And more importantly, a massive opportunity. At EWG, we take a relationship-first approach where members discover, evaluate and vote on opportunities that align with their goals.

You're not just an investor, you're part of a private circle reshaping how wealth is accessed, shared and grown. Because I believe investing should work for you, not the other way around.

I'm honoured to have you as part of the vision and I look forward to building wealth with you.

With Gratitude,
Pierre Yamfam

Our Responsibilities

- **Sourcing & Buyer Allocation**
Tajmas receives daily offers from trusted Saudi suppliers while also confirming demand with pre-qualified buyers in the Dubai Free Zone.
- **Deal Execution & Capital Deployment**
Tajmas uses your capital to secure stock at below market prices and initiates the import process.
- **Logistics & Inspection**
All goods are shipped to and cleared through the Dubai Free Zone. Tajmas manages inspection & ensures documentation for every transaction.
- **Profit Distribution & Yield Payouts**
Once the buyer completes the purchase, Tajmas distributes profit to the investor based on the fixed monthly schedule, no delay, no deductions.
- **Investor Support & Transparency**
Investors receive deal summaries, capital updates and ongoing support from Tajmas and EWG HQ to ensure full confidence at every stage.
- **Scaling the Model**
Tajmas actively attracts investors through EWG, enabling bulk purchasing, better pricing & consistent stock access, further securing your future payouts.
